This guide is made possible by the generous support of the American people through the United States Agency for International Development (USAID) to the Population Council for the Kenya Adolescent Reproductive Health Project (KARHP). The contents of this guide are the sole responsibility of PATH and do not necessarily reflect the views of USAID or the United States Government.

Tuko Pamoja: A Guide for Peer Educators was developed by PATH and is part of the Kenya Adolescent Reproductive Health Project’s Tuko Pamoja (We are together) series. It is based on, and complements, KARHP’s Adolescent Reproductive Health and Life Skills Curriculum. This guide was developed by Stephanie Martin with significant input from Margaret Brawley, Irene Chami, Japeth Nyambane, Humphres Evalia, Eva Muthuri, Winnie Osulah, Rikka Transgrud, and Alfayo Wamburi. All illustrations are by Eric Muturi-Kioi and graphic design and layout was done by Gifted Hands, Ltd. Shelley Minton provided proofreading services.

Special appreciation is expressed to Alfayo Wamburi, Lidya Kerubo, Valarie Muma, Hazel Obat, and Robert Silali; the students and teachers from Kibos Sugar Research Primary school and Nyaboroba Secondary school; youth from Tuungane youth network centre Kibuye; and Marani division youth. Their contributions during pre-testing significantly enhanced this guide. We also wish to thank the Ministry of Education, Science, and Technology; the Ministry of Gender, Sports, Culture and Social Services; and the Ministry of Health for their continued support.
