TIMCI: The Swiss Tropical and Public Health Institute (Swiss TPH) and Unitaid have joined forces to work together to strengthen health systems in low-income countries in order to control COVID-19 and reduce the burden of HIV/AIDS and other infectious diseases.

TIMCI is launching a call for expressions of interest to support the development of regional capacity for the use of POs/CDSAs in low-income countries. The project will develop a regional capacity building strategy and support countries in implementing it. The project will be implemented across the African continent and will involve the following countries: Benin, Burkina Faso, Cameroon, Côte d'Ivoire, Djibouti, Ethiopia, Gabon, Ghana, Guinea, Kenya, Madagascar, Malawi, Mali, Mauritania, Mozambique, Niger, Nigeria, Senegal, Sierra Leone, South Africa, Sudan, Tanzania, Togo.
